SUMMARY

Analyze processes, gather requirements, and turn business rules into executable technical specs. Map integrations, events, data, and risk in SaaS systems. Work at Genesis Company connecting business, product, and engineering.

EXPERIENCE

Jul 2025 – Present	Software Engineering Director & Software Engineer Genesis Company · Rio de Janeiro, Brazil - Gathered CRM, support, and multi-tenancy requirements and translated them into flows and API contracts. - Analyzed WhatsApp/Meta/Instagram integrations: webhooks, queues, failure modes, and business hours. - Modeled data for organizations, permissions, conversations, leads, and metrics. - Documented automation, AI, and human-handoff rules so delivery stayed unambiguous.
Jul 2024 – Jul 2025	Web Developer / Software Developer Webmaker · Rio de Janeiro, Brazil - Gathered client needs and turned them into sites, landing pages, and integrations. - Specified SEO, performance, and ongoing maintenance work.

FEATURED PROJECTS
